**Log In & Final Information for The Crashing Patient Conference 2025**

**How to Log In to the Event Portal for
The Crashing Patient: Resuscitation & Risk Management Conference 2025**

You will have access to all lectures for this year's Conference starting on December 10, 2025. **On or after December 10, this is how you access the lectures and handouts.**

Go to https://tcp.umem.org

Click on **ACCOUNT-Login** at the top right of the page.

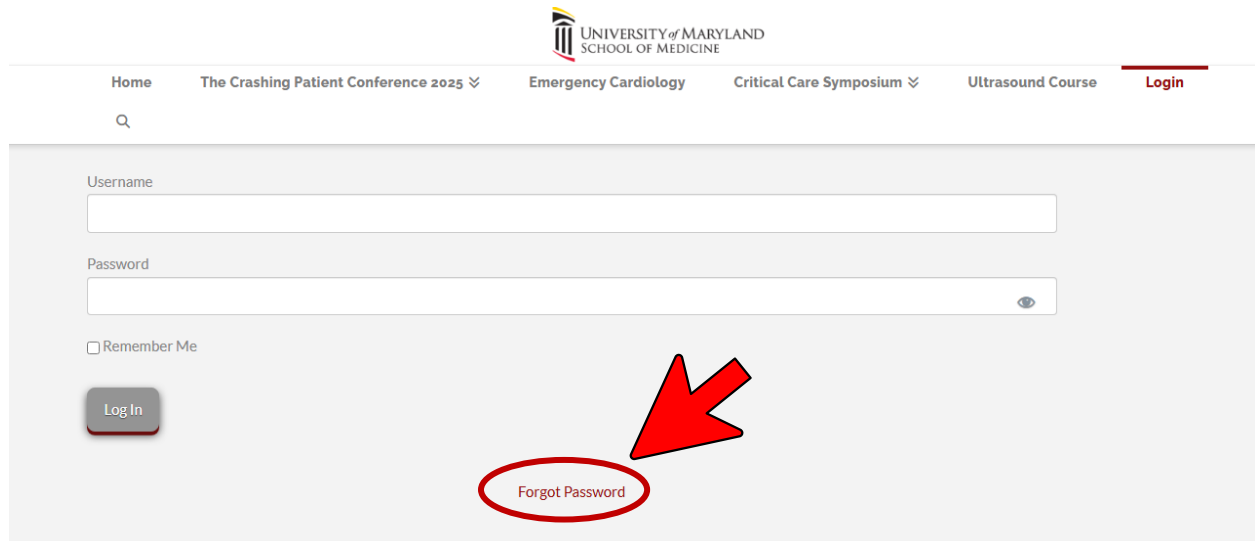

Log in to website using the email address you used for registration, and the password you set. Type in your **EMAIL ADDRESS** as your **Username**, and the password you set during registration. The email should be the same email you receive all communications about The Crashing Patient Conference.

Log In & Final Information for The Crashing Patient Conference 2025

If you forgot your password, click on **FORGOT PASSWORD** to reset. Make sure you put in the email address you used when you registered. It will then send an email from **UMEM Events** with the subject line **[UMEM EVENTS] Password Reset**. The email will include a password reset link.

Once you are logged in, hover over **THE CRASHING PATIENT** at the top of the page, then click on **EVENT PORTAL**.
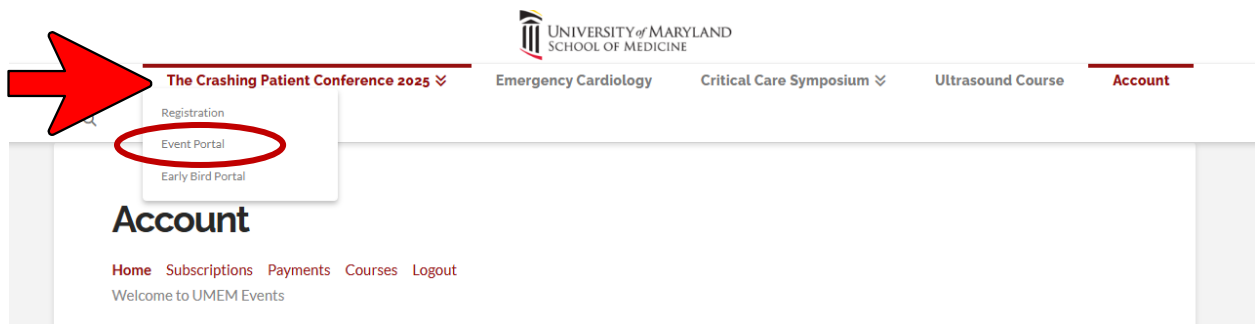

Log In & Final Information for The Crashing Patient Conference 2025

You are now in the **Event Portal**. From this page, you will be access all the modules from this page. All lectures are already recorded and uploaded for access.

You will need to click on the **RED TEXT** to view the module.

Module 1 — Cardiac Collapse & Hemodynamic Crises

1. Semhar Tewelde — *Pressure: The Great Equalizer*
2. Mike Winters — *Curveballs in Resuscitation*
3. Ken Butler — *Management of Massive PE*

Module 2 — Toxicology and Endocrine Emergencies

1. Shivani Talwar — *When ACLS Fails: CCB & BB Overdose*
2. Lauren Rosenblatt — *When GLP-1 Therapy Goes Wrong*
3. Sarah Lee — *Shaken, Not Stirred: Saving the Alcohol Withdrawal Patient*
4. Bennett Myers — *The Fatal Fibrillation: Thyroid-Induced A-Fib*

Module 3 — Infectious Killers & Deadly Mimics

1. Neeraja Murali — *(Not So) Mellow Yellow: High-Risk Jaundice*
2. Lucille Martin — *Not Another Viral Syndrome! Spotting Deadly Mimics*
3. Bobbi-Jo Lowie — *The Backstabbers: Spinal Infections That Kill*

Module 4 — Airway Disasters

1. Laura Bontempo — *A Tale of Two Airways – When Confusion Kills*
2. Babette Newman — *Battling BPAP in Agitated Respiratory Distress*

Module 5 — Sepsis, Syncope & Shock

1. Rose Chasm — *Sepsis Care in 2025*
2. Eileen Chu — *Fainting and the First Sign of Death*
3. Michael Sibel — *Running on Empty: Hemorrhagic Shock*

Module 6 — Dermatologic & Immunotherapy Emergencies

1. Gabriella Miller — *Dodging Drug Rash Disasters*
2. Sarah Dubbs — *Next Gen Immunotherapy Complications*

Module 7 — Trauma & High-Risk Transfers

1. Robert Flint — *You Want to Transfer That? Facial Injury Guidelines*
2. Ben Lawner — *Pushing for Plasma in Peri-Traumatic Arrest*
3. Andy Windsor — *Not Dead Yet: Should You Crack the Chest?*

Module 8 — Obstetric & Gynecologic Crashes and Neonatal Resuscitation

1. Jennifer Wang — *Baby on the Way! Complicated Deliveries*
2. Michelle Callahan — *Two Patients, No Time! Pregnant Trauma*
3. Taylor Lindquist — *Silence at Birth*

Module 9 — Neonatal & Pediatric Emergency Care

1. Kathleen Stephanos — *Don't Get Burned by a Pediatric Burn*
2. Jennifer Guyther — *The Donut of Truth: CT in Pediatric Trauma*
3. Rachel Wiltjer — *Masquerading Mediastinal Murders*

Module 10 — Cardiac Emergencies

1. Leen Alblaihed — *Moving Fast When Your Heart is Slow*
2. Rohit Menon — *When the Beat Drops: Pacemaker Failures*
3. Amal Mattu — *The Killer Cousin You've Got to Know*
4. Esteban Davila — *Ripped Apart! Aortic Dissection with Tamponade*

Module 11 — Neurology and Urology Emergencies

1. Adam James — *Seize the Day*
2. Michael Abraham — *Young & Restless? Malingering or More?*
3. Ryan Spangler — *Blood in the Water: Massive Hematuria*

Module 12 — Miscellaneous (Environmental, Ortho Risk, and Communication Skills)

1. Cheyenne Falat — *Cooked and Crashing: Resuscitating Heat Stroke*
2. Michael Bond — *Don't Let Orthopaedic Risks Break You!*
3. Steve Schenkel — *The Elevator Pitch in Emergency Medicine*

Different in 2025, this is not a live event. All lectures have been pre-recorded and posted so you can access lectures on your own schedule.

To return to the list of modules/lectures, click on the **EVENT PORTAL** at the top of the page.

Log In & Final Information for The Crashing Patient Conference 2025

When you are the **Module Pages**, you will find videos for that module. Under each video player, you will find a link to the **Presentation Handout** and the **Lecture Quiz & Survey**.

In order to get credit for viewing these lectures, we ask you to complete the post-lecture Quiz & Survey for each lecture. The Quiz includes two questions from information presented by the faculty. The quiz is included to help gauge your understanding of the material and reinforce key learning points.

On the **Event Portal/Main Page** you will see links to the **Conference Handouts** and also the **CME Survey**.

All handouts are linked below the videos but we also have a page with them all linked together.

The final CME Survey should be completed ONLY after all lectures have been completed. This will trigger the administration to check your quiz and survey questions, and start the process for your certificate.

See below for more information about certificates.

<u>**Frequently Asked Questions**</u>
What has changed about how I access the conference?
This year, The Crashing Patient Conference has transitioned from a multi-day live virtual event to a fully self-paced learning experience. Instead of logging in on one specific date to watch lectures live, participants now have on-demand access to every session.

Do I still need to attend at a scheduled time?
No. All conference lectures have been pre-recorded and uploaded to the learning platform. You can watch any session, at any time, from anywhere - whenever it best fits your schedule.

How long do I have access to the content?
Participants receive full access to all lectures and materials for three years. This gives you plenty of time to explore new topics, revisit sessions, or catch up on any lectures you didn't complete right away.

Why did the conference move to a self-paced format?
We know how unpredictable emergency medicine schedules can be. The self-paced format is designed to give you maximum flexibility, allowing you to learn, review, and engage with the content at your convenience—without the pressure of attending on a single day.

Is the educational content the same as previous years?
Yes! Every lecture is still delivered by our expert faculty and covers the high-risk, high-impact topics The Crashing Patient Conference is known for. The difference is simply how you access it: now entirely on your own schedule.

Will I still be able to earn CME credit?
Yes. CME information and instructions will be provided within the platform. You'll complete the required evaluations after watching the sessions, just as you would in a live format.

How do I claim continuing education credits/receive my certificate of participation?
To submit for CEU/CME or a certificate of participation you must view the lectures, and complete the post-lecture quiz and survey.

Once you have viewed all the lectures, you will need to complete the final CME Survey. This will trigger the certificate process. Surveys must be completed no later than December 1, 2028 to qualify for continuing education credits.

How will I know if I completed all my lecture quizzes and surveys?
When you are done with your lecture, you should click on the button that asks you to complete the lecture quiz/survey. If you have completed the lecture quiz/survey, you will not be able to access it again.

How many CME credits are available for this year's Conference?
Please see the CME information page on the website for the full CME statement.
https://cms.umem.org/index.php/tcp25-main/tcp25-cme/
You will receive CME credits for the lectures you watch. We track your viewing by your completion of the post-lecture survey that is linked under each video.

I have completed the survey. How long will it take to get my certificate?
Once you have completed the final CME Survey, certificates will be emailed out on a rolling basis. Certificates will start being emailed out on January 12, 2026. After January 1, 2026 please allow for 10-15 business days once you have submitted your survey for your certificate to be emailed to you.

I am having issues with the video player.
We use Vimeo as our video player. This platform is best when using the following browsers: Chrome, Firefox, Microsoft Edge and Safari. If you are having issues, make sure your web browser is updated.

Still have questions?
Please send all questions to Doreen Lucadamo (*Senior Program Coordinator, Courses/Conferences*) at dlucadamo@som.umaryland.edu.
